

AT A GLANCE

SUPER-COMMUNITY BANKING

In the industry for more than 160 years, Commerce offers a super-community banking experience that pairs large bank products and services with deep local market knowledge and experience.

The company's focus on local markets is supported by regional advisory boards comprised of local business professionals and community representatives who assist Commerce in responding to local banking needs. We are dedicated to helping our customers meet their challenges with solutions, including:

- A broad array of consumer products and services
- Sophisticated commercial lending, equipment financing and international banking services
- A national presence in commercial payment and merchant solutions
- Innovative payment products including claims processing, supply chain finance and accounts payable processing
- Wealth and asset management for individuals, businesses and institutions

COMPANY VALUES

Commerce is focused on enhancing our services, being responsive to customer needs and adopting new technologies to address these needs. We continue to put great emphasis on culture — working as a team to deliver the right solutions for our customers. Our core values shape our culture and guide how we do business. In this way, we give voice to our values:

- **We have a long-term view**
- **We collaborate as one team**
- **We act with integrity**
- **We are customer-focused**
- **We strive for excellence**

161 YEARS OF BUILDING COMMERCE

Since 1865, the success of Commerce Bank has revolved around three central themes:

Strength — Our financial strength has allowed us to weather difficult economic times and expand over the years, while continuing to operate independently. From our original base in Kansas City, we have forged partnerships and expanded throughout the central United States.

Community — Commerce is a product of the communities we serve, a partnership of our customers, employees and shareholders. We are proud we have continued to bring value to our customers, that we support our region's economy and that we work with others to make our communities better places to live.

Innovation — Financial services is a dynamic and constantly changing market. At Commerce, we value and have been successful in applying new ideas, new technology and creativity to change while maintaining our core values of customer service and teamwork.
