

Automate Payments with Efficiency and Control Using Commerce OnePay®

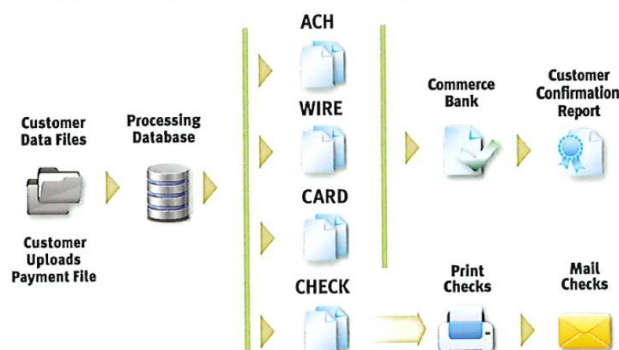

Flexible, Efficient, Robust

Commerce Bank offers a customizable automated payment solution that simplifies your processes and gives you total control of your payments. Commerce OnePay® is available as an end-to-end payment process, or can be tailored to your specific requirements.

With Commerce OnePay, you can streamline your accounts payable process and significantly decrease the time and cost associated with making payments. You upload one file from your accounting software and we'll make the check, ACH, card and/or wire payment on your behalf. You may also reduce fraud exposure by adding our Positive Pay security feature.

Commerce OnePay is robust, yet flexible enough to effectively integrate with your internal accounts payable system regardless of platform. We work directly with you to establish a firm understanding of your goals and to ensure smooth implementation and long-term success.

Accounts Payable Outsourcing

Reduce the costs of owning, operating and staffing printing operations, while streamlining your overall accounts payable operations.

- Make all payments with one file — ACH, wires, purchasing cards and paper checks
- Maintain control of your payment transactions, with the benefit of knowing you're protected from fraud
- Customized processing and reporting to work with your payment system and business requirements
- Our full range of check payment capabilities allows us to obtain maximum postage discounts
- Include additional documents to be inserted with the check payment, such as marketing materials, statements, etc.
- Take full advantage of our extensive experience in ACH and purchasing cards
- Commerce is a recognized leader in automated accounts payable solutions
