

Digital Tools: Transcript

Derrick Brooks, Digital Strategy Leader

At Commerce, we want to help you focus on what matters most.

That means we're always looking for ways to make it easier for our customers to bank with us.

We want to evolve your experience to develop new digital tools that make it simpler and faster to get done what you need to get done, and then get on with the rest of your day.

We've redesigned and streamlined our mobile app, made it simpler to review and search your transaction history, faster log-in with biometrics, and soon, we'll be rolling out live chat.

We're making it easier for you engage with us how you choose to, so you can spend less time doing your banking and more time doing the things that you want to do.

That's Challenge Accepted.®
