

Angela Campbell: Transcript

My name is Angela Campbell. I am Contact Center Manager.

On a day to day basis, I manage the Contact Center where we handle eight to ten thousand calls a day answering general customer service inquiries

My career started with Commerce eleven years ago and from there I was promoted to a Senior Contact Manager where now, I am an Assistant Vice President.

I see my future definitely continuing to grow, Commerce has supported me the opportunity to participate in both an internal and an external leadership development program.

I enjoy the fact that Commerce Bank has allowed me to use my skill set to grow within the company.

I think Commerce Bank has done an excellent job in supporting inclusion and diversity

I would highly encourage anyone that's looking for an opportunity here at Commerce Bank.
