You'll be valued. They value employees. They value your ideas.

1

00:05.866 --> 00:07.526

It's a great place.

2

00:08.646 --> 00:12.366

that will be fully invested in your professional development.

3

00:12.367 --> 00:17.366

As far as leadership and development, I've got an opportunity to work on our United Way committee

4

00:17.367 --> 00:23.366

and develop my leadership skills to help me in my job that I do every day for Commerce.

5

00:24.246 --> 00:29.366

I really, really like it. I, like coming to work. We very much support each other.

6

00:29.367 --> 00:33.246

And it's a good environment, and it's a good place to work.

7

00:33.367 --> 00:39.246

I think the future of commerce is looking at innovation and making sure that we're bringing in talent that will allow us to innovate.

8

00:39.247 --> 00:46.246

you know, having this really strong, culturally-rich story to tell about this little mid-west bank

9

00:46.247 --> 00:50.566

that's big and mighty in the solutions that we offer, is pretty fun.
