

Contactless Card – Video Script: Tap to pay at checkout counters that support contactless technology.

Make your everyday purchases faster and safer with a simple tap – (graphic of Mom holding toddler and using tap and go with phone.) Your Commerce Bank Visa® debit and prepaid cards now feature contactless technology. (show a picture of the contactless card with the contactless symbol on the card circled.) It takes ½ second to make a payment. (photo of person making a purchase)

A quicker trip through the checkout is as simple as 1 – 2 – 3.

Look

Check for the Contactless Symbol  on the store's checkout terminal.

First, look for this Contactless Symbol on the checkout terminal.

Tap

When prompted, bring your card or device within a few inches of the Contactless Symbol . (Tip: actual tapping is optional.)

Wait for the prompt, then place your card within a few inches of the Contactless Symbol. You don't actually need to tap your card against the terminal.

Go

Get the ok— a "beep", checkmark or green light — and go! (Seriously, that's it.)

The terminal will approve your purchase. Once you've been approved, you're ready to go!

Millions of stores now support contactless technology, so it's never been easier to pay for things with a wave of your hand. Just remember to Look, Tap and Go!
