

Health Services Financing: Meet Craig Transcript

[Text: CommerceHealthcare. Health Services Financing. Meet Craig.]

Had an issue with a hernia. A friend of mine had just recently had hernia surgery and so I thought, well, I better get this checked out. So, I went to my physician. He said, yes, you need to have this operated on, got everything scheduled. And I went in early that morning for the surgery and checked in like you normally would. Insurance card all the things and notice there was a brochure there at the side that said Commerce Bank.

[The CommerceHealthcare line of credit makes paying medical bills more manageable.]

It was an opportunity to finance my part of the cost of the surgery. I'm self-employed. I have a pretty high deductible on my insurance, and so I was happy to see that there might be an alternative, rather than trying to figure out some other payment plan or dig into savings.

[The Health Services Financing (HSF) financing program relieves stress by providing an affordable way to pay healthcare bills.]

Got the information, filled it out, had the surgery, and then received all the information for a monthly payment plan.

[At home, Craig reviews the paperwork.]

That gave me a peace of mind in that at least it was something that I was going to be able to do.

It didn't create a big financial burden.

So within two years of that, before I had my procedure part paid for, my wife ended up having a surgery that was far more serious,

[Text: Knowing you can add multiple transactions to one HSF line of credit provides peace of mind.]

confidently went in and said, hey, we want to do the payment plan because we know how it works. And so, we benefited from it twice.
