

Meet Sally

Descriptive Transcript

[Logo: toggle

A faceless cartoon image has red hair.]

Speaker 1

Meet Sally. Sally likes to keep things simple, even her spending. Sally likes to pay for everyday purchases like gas and groceries with her checking account. Then, when unexpected expenses arise, Sally likes to use her Commerce Bank credit card in case she needs to pay for those purchases over a period of time.

[Shows a grocery basket, then a suitcase. Text: Pay Now, Pay Later]

Speaker 1

Toggle allows Sally a flexible new way to spend by using her Commerce Bank credit card for the purchases that she wants to pay now, and for the purchases she wants to pay later, as she normally would.

[Options appear on a toggle page.]

Speaker 1

With toggle, Sally can link her checking account to her Commerce Bank credit card to pay now for her everyday purchases, all with one card.

[Sally selects a curved arrow icon.]

Speaker 1

And if Sally changes her mind and decides she doesn't want to pay now for a particular purchase, Sally can use the unwind feature to move a purchase back to her credit card account to pay later, as she normally would. Toggle keeping things simple.
