

With toggle, the Unwind feature provides ultimate control and convenience for all of your Pay Now purchases. If you change your mind about a particular Pay Now purchase, and want to move it back to your credit card account to Pay Later...

...no problem...With Unwind, you can go back 30 days to find a purchase that was already paid from your checking account and click the Unwind icon to move the purchase back to your credit card account to Pay Later as you normally would.

After you Unwind a purchase, the funds used to pay for that purchase will be returned to your checking account.

Don't worry, tracking the purchases you choose to Unwind is easy. All your purchases will appear on your credit card account activity page in Online Banking. Purchases that you choose to Unwind will appear with an Unwind icon. That way you always know which purchases you chose to Unwind so that you can Pay Later as you normally would.

Unwind is always there for ultimate control and convenience when using toggle.
