

Commerce Bank CONNECT® App: Transcript

Ever realize you need a little advice?

Well, now you can connect one-on-one with a Commerce banker, right from your smartphone.

They're not automated bots—they're real people who live and work near you.

Pick the one you click with—by their specialty, location, or whatever fits your finances.

You'll be able to message them any time, anywhere to ask questions and get solutions.

And take care of almost all your banking needs, from replacing a debit card to helping you apply for a much-needed home equity loan.

Download the Commerce Bank CONNECT® app from your app store to get started.

Commerce Bank. Challenge Accepted.®
